HOME RULE BILL PASSES THE HOUSE OF COMMONS

Ulster Unionists Decline to Debate and Appeal to the Country Saturday Night One of Surprises For Visiting and Resident Elks

The Ely bunch put one over Tonopah Saturday afternoon when they appeared at the head of Florence avenue preceded by the Ely boys' band of nineteen pieces, which they brought over from the copper camp as a little treat for the Tonopah B. P. O. E. This part of the program was carried through with such secrecy that the first intimation was when the

boys in their dainty khaki uniforms turned into Main street at the Elks' clubhouse. The boys were the best behaved lot of lads seen in this camp and the landlady of the Golden Eagle hotel says their conduct could not be surpassed.

This was surprise No. 1. Surprise No. 2 developed later in the day when the guests appeared in the lodge

REFRESHING RAINS CLEAN THE FACE OF THE DESERT

A quarter of an inch of rain fell in Tonopah Saturday night and local farmers are delighted with the visitation which sprinkled their lawns and helped the late planting of flowers and garden truck. The mercury dropped to 40 3/4 Saturday night, but there was no frost, owing to the clouds which hung over the town. Last night, while apparently cooler, was eight degrees warmer, as the lowest point recorded by Weather Observer Piercy was 43 degrees.

CRUCIAL HOURS IN HISTORY OF GREAT BRITAIN AND IRELAND IS MARKED BY GREAT UPROAR

(By Associated Press.) LONDON, May 25.—The Irish home rule bill passed third reading in the house of commons by a majority of 78. The closing scene brought a crowd of members and spectators, who filled the chamber, while out-

side crowds awaited the result of the debate. The vote for was 352, against 274. The house was seething with excitement the moment the speaker took the chair, the members of the various parties indulging in loud out-

bursts of cheers when their respective champions entered, while mocking banter was shouted from the opposition benches.

The end of the hard fought struggle came suddenly, the Unionists refusing to debate without further information of the government's intentions with regard to the proposed amending measure.

Andrew Bonar Law, the opposition leader, said: "Let the curtain ring down on this contemptible farce. It is only the end of an act and not of the play. The government can carry this bill through parliament, but the concluding act of the drama will be in the country where an appeal to the people will not be an end to the farce."

TWO DRAWN DECISIONS GIVEN AT TONOPAH ATHLETIC CLUB

George E. Murphy, as referee, was an unqualified success when he made his first appearance as the official representative of the Tonopah Athletic club last night at the Nevada theater. Both events were declared draws but, in spite of this unsatisfactory condition, there was little exception taken to the decision. A few people in the audience thought Kid Harrison should have had the better of the argument, but the difference in the fighting was not sufficient in

the eyes of Referee Murphy to give either of the boys the award and therefore he called it a draw. The main event was a scientific demonstration of the abilities of the two men and the consensus of opinion was that they were so evenly matched that it would be impossible, under the circumstances, to give either the preference.

The attendance was not as large as expected, owing to a falling off in the number that came from Goldfield, the bad weather and other elements which kept many from buying seats.

The first event was a ten-round go between Dutch Williams, of Reno, and Kid Harrison, from the same town. The former had in his corner Puncoschar, Coffey, Burleson and Spider Welsh, while Harrison was attended by Jimmy Welch, Lawlor and Morrison. The rules called for Marquis of Queensberry rules; fight with one hand free and protect themselves in clinches. Harrison and Williams began hostilities with both men eager and earnest, Harrison carefully leading and blocking and at his best in

the eyes of Referee Murphy to give either of the boys the award and therefore he called it a draw. The main event was a scientific demonstration of the abilities of the two men and the consensus of opinion was that they were so evenly matched that it would be impossible, under the circumstances, to give either the preference.

The attendance was not as large as expected, owing to a falling off in the number that came from Goldfield, the bad weather and other elements which kept many from buying seats.

At times the contest was fast and furious, Harrison having the lead strongly in his favor in the seventh and ninth rounds, when he had his opponent bleeding badly around the nose and mouth. The tenth round showed both strong and at their best, neither having any decisive advantage when the gong sounded for the final closing. Referee Murphy declared the fight a draw and this decision was generally accepted.

Kid George, of Oakland, and Bob Graham, the fighting electrician of Goldfield, went ten lively rounds with George leading off for the first three rounds with such terrific display of energy that he was looked upon as a sure winner. He led with furious rights and lefts to the head and body. In the fourth Graham got busy and soon convinced his adversary that he had some one to contend with for the rest of the series. About as clever an exchange of blows, countering, sparring and feinting as ever seen in the ring ensued and the crowd broke into repeated applause as they tried to figure on the outcome of the match. For the remainder of the fight things were about even, neither having any particular advantage. The fighting was clean and marked with hard hitting, clever ducking, blocking and countering and, while George appeared to have the stiffest punch, this was offset by speed and cleverness on the part of Graham, who showed to much better advantage than in any of his former contests in Tonopah. This contest also was decided a draw without a single dissenting voice in the house.

George was seconded by Coffey, Dunne, Puncoschar and Step and a half. Graham's seconds were Kane, Burleson and Morrison.

Walter Drabnick, of Goldfield, was announcer.

Freck Lydon, before the opening of the program, challenged the winner of the Harrison-Williams contest and a telegram from Red Watson was read to the same effect. Frank Kane, of Sacramento, also asked for a fight with the winner of the George-Graham match.

Walter Coffey also announced that he would fight Petroskey in Tonopah on the fourth of July.

THE TEMPERATURE.

Highest temperature yesterday, 58; a year ago, 81.
Lowest temperature last night, 43; a year ago, 55.

NARROW ESCAPE IN SHAFT

ATTEMPT TO SUPPRESS FACTS ABOUT ACCIDENT IN MIZPAH SHAFT.

By the dropping of a cage on the Mizpah shaft of the Tonopah Mining company yesterday afternoon three men were injured, but none of them seriously. Efforts to suppress the story caused it to circulate in exaggerated form until it was said that four men had been carried down the shaft through a defective clutch and badly mangled. Efforts to ascertain the facts only met with the assertion that the accident did not amount to anything and in fact was of such a trifling nature as not to warrant publication.

No official statement could be had from any of the company officials and the physician who attended the men, was equally insistent that the whole thing was a matter which should be left alone.

The names of two of the men injured are given as Bill Mirovich and Mike Nucovich. A third man was taken to his home. The first two named are in the Mine Operators' hospital.

GOLDFIELD NOT IN IT WITH TONOPAH

INDIAN BATTERY CLEANS OUT THE BOYS FROM THE SOUTHERN CAMP.

With their two Indian chiefs in the box, Tonopah had no trouble in putting it all over the lads from the southern camp yesterday at the baseball park. When the score reached 15 to 0 the Goldfield bunch decided to try no further and threw the sponge into the middle of the diamond. The attendance was good, but not as well as might have been expected from the curiosity aroused by the delivery and catching of the Shoshone battery. It is too bad that the visitors were not able to solve the slow drop curves of Tonopah, and they will have to travel some to find a team to cope with Tonopah.

The features of the game was the pitching of John Aub, letting Goldfield down with one hit and striking out 12 Goldfielders in the six innings, and also the heavy hitting of the Tonopah nine, who batted three Goldfield pitchers out of the box. The team goes to Mina next Sunday, where they play the Mina team, and have received a letter from Bishop asking for a game in Bishop on the 3d, 4th and 5th of July in Bishop.

TONOPAH BOY MAKING GOOD IN CALIFORNIA

Referring to a recent game, a Stockton paper has the following comment on the play of a Tonopah boy: "Harris started at first—sixteen chances and all accepted. He bagged a safety and Dashwood's failure to go over and take a stunt along the line beat the lanky one out of a homer. Mr. Dashwood will have to move about if he wants to stick in this league, even if he considers the bushes extra tall."

YAQUI INDIANS ON WARPATH AND APPEAL FOR GUNBOAT

FRENCH SETTLERS APPEAL TO UNITED STATES FOR RELIEF SHIP.

(By Associated Press.) ON BOARD U. S. S. CALIFORNIA, MAZATLAN, May 24.—Wireless.—The gunboat Annapolis has been ordered to the Yaqui river in response to an appeal from the French colony at Santa Rosalia for a warship to protect residents of that valley from a reported uprising of Yaqui Indians. It is said the Indians are on the warpath and no effort is made by Mexican federalists to control them. Sixty Americans live in the valley.

STEAMSHIP WITH 1,000 PASSENGERS STRIKES ICEBERG

ST. LAWRENCE LINER HAS A CLOSE CALL FROM MARINE HORROR.

(By Associated Press.) LONDON, May 25.—The steamer Royal Edward, of the Canadian Northern Steamship company, struck an iceberg while going slow in a fog, but was able to make the port of Avonmouth though leaking. The captain wirelessed the iceberg was immense. The vessel had 1,000 passengers, Montreal to Avonmouth.

DEATH OF KOSSUTH SON OF THE PATRIOT

ON HIS DEATHBED MARRIES WIDOW OF AN OLD-TIME FRIEND.

(By Associated Press.) BUDAPEST, May 25.—Francis Kossuth, son of the great Hungarian patriot, died today. In January, during a serious illness, Kossuth was married on his sick bed to Countess Benyorsky, widow of his lifelong friend, this being the wish of Count Benyorsky. He took his father's place as leader of the Hungarians after his father's death in 1894. Until his illness he led his countrymen in their political struggles with much success.

MINA MAN WEDS GIRL FROM LOS ANGELES IN RENO

Jose W. Whistler, of Mina, and Mrs. Lena Basham, of Los Angeles, were married yesterday shortly after the noon hour by Justice of the Peace Lee J. Davis. The ceremony was performed in the justice chambers at the city hall, with Lieutenant C. S. Nichols, of the police department, and Constable Thornton A. Read as official witnesses.

TEDDY IS GOING TO JUMP INTO POLITICAL FIELD

BEGINS BY CALLING ON WILSON AND THEN RIPPING HIM UP THE BACK.

(By Associated Press.) OYSTER BAY, May 25.—Roosevelt will be received at the White House tomorrow by President Wilson. The trip to Washington took new significance when it became known that Roosevelt would hold an important conference with Progressive leaders. The conference is expected to determine plans for starting the ball rolling in the fall campaign. It is said Roosevelt is preparing to get into politics immediately, notwithstanding his remarks last week that he intended keeping out for a while. It is understood that, having expressed opposition to the Wilson administration's advocacy of tolls exemption and the proposal to pay Colombia \$25,000,000 he will make the severest attacks on the administration's foreign policy in operation of the tariff law. It was suggested to the colonel that by remaining silent he would be permitting Republicans to steal a march on the Progressives with criticisms of Wilson policies, and it is believed he will fire the opening gun before sailing for Spain.

The conference begins at 10 tonight, after the colonel's lecture before the geographic society.

TONOPAH TEAM WINS ELKS TROPHY CUP

AWARD OF PRIZES AFTER A DAY WITH THE CLAY BIRDS.

The cup shoot yesterday afternoon at the grounds of the Tonopah Gun club was won by the Tonopah team by 26 targets. The teams included ten men from each side and the Ely visitors were reinforced by George Wingfield and Frank Favier, two of the crack shots from Goldfield.

The Ely Elk high gun was Frank Calloway, but through a mistake the trophy was presented to Fred Baldwin. The prize, an Elk's watch charm, goes to Calloway, as one of the stipulations was that competitors must be members of the order. The prize bar pin for the high gun event was given Ed. Kirchen and the second prize, a leather gun case, went to George Wingfield. About 200 targets were shot at.

TONOPAH STYLE ADMIRER BY PAPERS OF RENO

A lesson is to be learned from the delegates of a fraternal order who came from the southern mining camps to attend a convention of their grand lodge. They not only do things, but do them with enthusiasm and without counting too closely the cost. Let Renoites act in the Tonopah way or with the Goldfield spirit in staging the midsummer carnival. They will find later that the cost was a negligible quantity in the affair.—Gazette.

SEDITIONARY CRIES BY SUFFRAGETTES AT A MEETING

KING GEORGE'S NAME GREETED WITH SHOUTS OF DERISION.

(By Associated Press.) LONDON, May 25.—Shouts of "Shoot the King" filled the hall in which the meeting of the women's social, political union, a suffragette organization, was held. Every mention of King George's name was greeted with angry derision and prolonged hissing.

ENGLAND NOT TO TAKE PART IN THE EXPOSITION

NO HARSH FEELINGS TOWARDS THE UNITED STATES, EX-PLAINS PREMIER.

(By Associated Press.) LONDON, May 25.—The British government, acting contrary to the hopes of Premier Asquith, decided not to participate in the exposition at San Francisco.

On May 5th the premier told a deputation representing more than half of the house of commons he would take the question of representation at the exposition under consideration.

The premier, in announcing his decision, said he was eager to show there was no question of unfriendliness involved, and laid stress on the acceptance by the British of an invitation from the United States to participate in the opening of the Panama canal.

Plants have been established in Sweden, Scotland and Germany for the manufacture of steel said to be equal to crucible steel in quality by a new open hearth process.

• bars weighing 1,342 ounces, •
• worth \$31,000. •

Creates Thirteen New Cardinals

(By Associated Press.) ROME, May 25.—The pope created thirteen new cardinals this morning. The ceremony was preceded by a short allocution in which the pope made a plea for political and social peace through restoration of the influence of the church.
